

## Logging on...

U-Explore Your Career

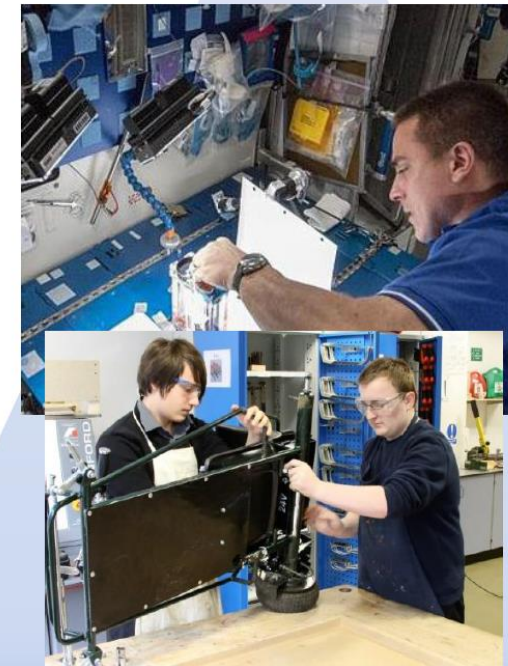

- Log onto [www.u-explore.com](http://www.u-explore.com)
- Click on the User Login tab at top of page
- Click Registration and complete the fields on the form
- Tick student box and enter school year (tick 'students')
- Registration code is NORTHOX
- Once submitted, you can then log in at any time
  
- Parents can register too. Just log on as above, but tick 'Parent' instead of 'Student'.

**U-Explore: Inspiring Futures 24/7**

North Oxfordshire Academy are passionate about inspiring and motivating students to fulfil their career potential. We also believe in providing as much information as possible to parents to help them support their children on this career journey....

Supporting  
aspirations

University vs Apprenticeships  
Transferable skills for the future  
What the reality is behind the different careers

**CAREERS INFORMATION – YEAR 11  
Parent Booklet**

# Start your journey today...

North Oxfordshire Academy believe that for students to make INFORMED choices about their futures it's important to see the world of career opportunities and pathways that could be available.

U-Explore Your Career

**You can support your child**

You and your child can access independent and impartial careers information and guidance **24/7 from U-Explore**, in your own home. Follow the easy registration instructions on back page to access the wealth of exciting careers features, including over 2000 written and video job profiles across 14 different industry sectors.

**How we support your child**

U-Explore supports the Careers Education, Guidance and Information Programmes that currently run at North Oxfordshire Academy. With a broad range of initiatives and partnerships with key players (Career Academies UK and RSA Driving Ambition) **our programmes for years 11 include:**

World of Work projects with business partners for CV/interview development

Access to a range of aspirational speakers, workshops and careers talks – led by business experts in subject lessons

Career based tutor programmes throughout all years

Access to weekly CV writing workshop and/or mock interviews

Access to 1 to 1 advice, including 'My Career Profiling'

Access to local business site tours as part of curriculum study

Access to STEM\* related clubs funded & supported by National Grid

Talks from industry experts, universities, apprenticeships to support aspirations

Apprenticeship Fair – over 33 exhibitors

PEP supporting career aspirations and/or skills development

**Search** by preferred job, favourite subjects, interests or best skills

**Read** about the various jobs, what skills are required and what money you could earn

**Create** a Profile by 'liking' jobs so you can compare careers and workplaces

**Compare** different qualifications, as well as using the workbooks for CV and interview advice

**Tour** 360 degrees of real work environments

**+ Advice** on how to apply for jobs, work experience, college, or university

**All you need:** is access to a PC with broadband connection and Flash Player installed. The latest Flash Player can be obtained from <http://www.adobe.com/uk> and click on the downloads.

(\*STEM = Science, Technology, Engineering and Maths & \*PEP = Personal Enrichment Programme)  
We will soon have a Careers section on the school website which will include details of events, chart case studies, celebrate student successes and provide links to career sites and further information.
