

## The Success Unit

*Miss Smith, Success Unit Co-Ordinator*  
[Becky.smith@northoxfordshire-academy.org](mailto:Becky.smith@northoxfordshire-academy.org)

The Success Unit is designed to support the learning and achievement of identified students through intensive intervention, providing additional study support to ensure students make expected progress and achieve academic success.

The Success Unit offers a calm and supportive environment, where students enjoy learning and find that they are able to achieve their target grades.

Comments from current students:

“You get all the help you possibly can in the Success Unit and it is easier to get support and not get distracted when you are trying to do your work or coursework.”

**Year 11 Student**

“I think I did really well in graphics, I was able to catch up with all the things I missed from class, also I did well in Art because I could draw in a calmer place with a teacher who makes me feel really positive and optimistic. She gave me lots of confidence and I didn't give up even though I thought I should.”

**Year 11 Student**

“The Success Unit has really helped me improve my Maths grade. I was working at an E and now I'm working at a C and am confident I will get at least a C in my exams in the summer.

**Year 11 Student**
