

Tuesday 14<sup>th</sup> May 2019

Dear Parent / Guardian,

**Term 6 In-Class/Hall Assessments**

Key Stage Three students will be sitting their End of Year assessments in all subjects starting the week beginning 3<sup>rd</sup> June 2019. All assessments will be conducted under controlled conditions in classrooms or in the Sports hall depending on group size. These assessments will assess your child's progress from the start of this academic year. We will also use these assessment results re-set students for the following school year.

We strongly believe that good preparation is the key to success in assessments. To support this, every subject has uploaded revision tasks onto Go 4 Schools. Paper copies will also be available in their Knowledge organisers. Daily reading and Hegarty Maths practice should continue as normal for Key Stage 3 students.

We wish your child every success in their forthcoming assessments. If you have any further questions regarding this matter, please contact me via the email address shown below.

Yours sincerely,

Mr. David Murphy

Assistant Principal
