

North Oxfordshire Academy

The best in everyone™

Part of United Learning

Dear Parent / Carer

Biometric Technology

We use biometric technology for our cashless catering system. It makes the process of getting a school lunch easier for free school meal students and makes it more convenient for you as school lunches can be paid in advance using the online ParentPay system.

This system uses the latest biometric technology to scan the students' fingerprint which generates a unique number to identify your child, allowing them to register and then add funds to their cashless accounts. The fingerprint cannot be used by any other system and is stored securely on our servers internally. This biometric data along with all other student information will be treated in accordance with the General Data Protection Regulation.

You may withdraw your consent at any time. If you wish to do so, please contact us at the details below. On receipt of such a notification we will remove any images from our websites etc. Please note that if you have consented to the use of photos in the school prospectus, we will not be able to remove these images from any documents that have already been printed.

Data Protection Lead at the academy is Adam Leyburn. They can be contacted on adam.leyburn@northoxfordshire-academy.org

The data controller for personal information held by North Oxfordshire Academy is United Learning Trust (ULT). ULT is registered with the Information Commissioner's Office (ICO). The registration number is Z7415170.

The Company Secretary is responsible for ensuring that ULT complies with the Data Protection Law. They can be contacted on company.secretary@unitedlearning.org.uk or 01832 864538.

For further information regarding how ULT uses personal data please refer to the privacy notice on our website.
